

Quality & Operations Manager – Medical Devices

SurePulse Medical Ltd - Midlands

SurePulse Medical Ltd is a medical device start-up based in Derby. We are looking for a highly-motivated Quality & Operations Manager to join our growing team to help support commercialisation of the next generation of innovative medical monitoring systems. You will have the opportunity to make a real impact in ensuring the commercial success of the company. You will be responsible for overseeing production systems, managing the manufacture and packaging of our medical devices and guaranteeing that the implemented procedures meet quality system requirements and finished goods are ready to enter the supply chain 'in full on time'.

Reliability is a crucial part of our product and company ethos and you will therefore have strong attention to detail and a passion for excellence. Nothing will get by you as you seek to ensure that the product delivered to our customers meets requirements. You will have strong interpersonal skills and be able to communicate clearly and effectively. You'll be an advocate to our employees, customers, partners and suppliers for our quality system and demand the highest standards from our suppliers.

We are looking for someone with an exceptional combination of structure, organisation and creativity. You won't just tolerate regulatory frameworks but thrive in them, enjoying the challenge of merging strict regulatory requirements with efficient and effective quality processes, whilst being flexible to new ideas, designs and modifications that come your way.

Duties and Responsibilities.

- Production of finished goods 'on time in full'
- Managing our ISO 13485 Quality System.
- Product Technical File maintenance.
- Interfacing with and managing our supply chain.
- Developing better and more efficient processes and procedures.

Skills and Experience (essential).

- Operating within a quality system environment.

Skills and Experience (desirable).

- Medical device production management.
- Working knowledge of ISO 13485.
- Degree.
- Internal Auditor training.
- Level 5 CS:GO

Attitude.

- You have a passion for detail.
- You're always learning and looking to advance your skills.
- You're self-motivated, organised and can manage your own projects.
- You get stuff done but strive to produce the best work you can.
- You enjoy being part of a fast-moving team and being a key player in it.
- You're open-minded to new ideas and relish in adopting those that add value

Package.

- Competitive Pay.
- Family friendly flexible hours.
- Informal working environment.
- Employer Pension Contributions.
- Private medical insurance.

Please target your cover letter to the job description or your C.V. will not be read.
